

Neat devices

Neat devices address all types of meeting spaces, including the home and remote office, open spaces and physical meeting rooms. They are built for Zoom and Microsoft Teams with a focus on well-being and social interaction to maximize the creativity and productivity of distributed teams.

Neat Bar

Neat Bar is a simple, compact and elegant, meeting room device that easily mimics real-life interactions and delivers superior-quality audio and video. It works brilliantly for meeting, huddle or focus spaces for up to ten people. Neat Bar works with one or two monitors and comes with Neat Pad, our dynamic touch screen, which can be configured as a controller or scheduler.

Neat Bar Pro

Neat Bar Pro drives up to three large monitors to give you the ultimate immersive experience by allowing you to see both people and content more easily. It incorporates two extreme resolution cameras and an advanced image depth sensor that combined deliver 16x zoom. Neat Bar Pro is perfect for all rooms small and large alike.

Neat Board

Neat Board, winner of two Red Dot design awards, is the complete package in a simple and elegant all-in-one device. With its 65" multi-touch screen, powerful audio system and versatile wide-angle camera, Neat Board gives you a collaboration experience that goes beyond video meetings and wireless content sharing by enabling annotations and whiteboarding. In addition to team collaboration, Neat Board is the perfect solution for ad-hoc social interactions in wide open social spaces.

Neat Frame

Neat Frame is an all-in-one device ideal for the home office or huddle spaces that provides a beautiful way to meet. A unique portrait touch screen and superb camera provides a more focused, naturally engaging and inclusive meeting experience, while freeing up your laptop. ensures you always feel connected.

Neat One

Neat One is the world's first personal USB device that packs a high-quality camera, an advanced mic array and speakers into one sleek package. Look no further if you want a superior video and audio experience with the video app of your choice.

Neat Pad

Neat Pad is an elegant controller with two roles. It is a touch screen that you can configure as a controller or scheduling display across all kinds of meeting spaces. Neat Pad is included with Neat Bar and Neat Bar Pro, but can also be purchased separately.
